PROJECT MANAGER (Professional Land Surveyor) GRANDE PRAIRIE, ALBERTA

Universal Geomatics Solutions Corp. is seeking a Project Manager to join our team in Grande Prairie.

The Project Manager is the primary point-person responsible for client liaison, planning, executing, and delivering land survey and/or geomatics projects on time, within budget, and in accordance to specifications. To achieve these important goals, the Project Manager will execute, maintain, and manage the project execution plan (PEP) which defines the project requirements, scope, resources, and other client needs. In addition, through the risk matrix, the Project Manager will be responsible for identifying and monitoring the project risk, and be responsible for adhering to the standards set forward by the governing professional body.

Opportunity

- Primary point of contact for the client.
- Define risks and use proven project management techniques to assess and mitigate these identified risks through the risk matrix.
- Execute, manage, and maintain the project execution plan (PEP) as the primary tool to support the clients needs.
- Participates regularly and actively in all aspects of the health and safety program as outlined by the Health and Safety Department.
- Maintain company standards and conform to the requirements of the Quality Management System.
- Provide project coordination, support, analysis, and recommendations in conjunction with various departments to supply required plans or data.
- Review survey plans and/or data in accordance with regulations and standards set by all of the applicable governing legislation, bylaws and industry standard practices.
- Signing Statutory Plans and Affidavits.
- Perform additional assignments and responsibilities as required.

Requirements

- Member of a Professional Land Surveyor's Association.
- British Columbia Land Surveyor designation would be considered an asset.
- Regulatory experience required.
- Minimum 5 years' pipeline construction experience required.
- Minimum 10+ years' direct work experience in project management.
- Superb creation and facilitation of meetings, feedback sessions, and briefings in order to create a consensus among stakeholders.
- Able to effectively communicate with all staff, including technical, professional, and upper management.

Company Benefits

- Outstanding work environment that fosters safety, encourages teamwork, and challenging work opportunities.
- Career and personal development opportunities.
- Comprehensive benefits package, which includes extended health, dental care, insurances (STD, LTD, Life, and AD&D), employee assistance program, and RRSP matching.
